

XFP mailing lists

by Flavio Tordini

1. Mailing lists

Most communication about XFP goes on through it's unique mailing list, xfp-development. You're welcome to join and have your say about features and future directions, or even get involved and help improve XFP.

1.1. Developer and Users list (xfp-develepoment)

[xfp-development](#) is dedicated (but not limited) to discussing the development of XFP.
